ALBANY VOTES TUESDAY, OCT. 11 ON SCHOOL BOND ISSUE

Excerpts From The Avenues

By GENE EPLER

Some Tuesday after attending Fire Chief's Convention in New Orleans, Chief Fred Pimental is planning up his Fire Prevention program for next week. Included will be the premier showing of the movie "The Price of Security," a minute color production film by the A.F.D. The movie on fire hazards will be shown to local schools and civic clubs.

When Ken Nickerson is in Albany Hospital for repairs on an injured knee, Don't be too long. Officer Bernard Johnson waits the bed for a tonsil removal.

With the approaching School Election, several local organizations have voted to endorse and support the issue calling for major school improvements. Included are Chamber of Commerce, Albany Exchanges, Exchange Club, Lions, Rotary, Eagles and all local P.T.A.'s and Dads' Clubs. From all indications there is no organized opposition.

Madeline Bunker took over the membership of the Beauty-Glo, 1517 Main Ave., Tuesday. Former owner, Teddy Straight is taking time out to do the doc's orders. Jean Hobson is busy Madeline around the beauty shoppe.

Using the motto "Let's Grow Together in Participation Toward Accomplishments," the Vista P.T.A. reached its first membership drive Friday, under chairmanship of Mrs. Herbert Minister. First regular meeting of the unit will be held on Oct. 13 at the school. Mrs. Cushing Selle will demonstrate her visual activity music.

An excerpt from Fred Fricke's exchange (official scandal sheet of the Exchange Club) says the home mat was out Tuesday for several members who have been missing. Welcomed back to the missing were Ernie Tarr, Johnnie Pleich, Ray Barrows, Stan Williams, and Freeman and Dick "Senator" Sheehy. The club is making plans to stage its annual spook party October 29 at Henry Villa's room. It will be a masquerade affair.

The major fall production for Albany High Juniors will be "Growth Pains," a three-act comedy with emotional touch. They say it is most popular on Broadway and believed Albany will like it too. The play will be presented at the High School on November 3, under direction of Richard Hillman.

Albany Inventors Perfect 'Wright Wrinkle' Machine

If you like doughnuts, potato chips and pretzels, more than likely you'll go for the three combined in the form of the new, "Wrinkle," now being prepared for mass marketing through a machine just perfected by a couple of Albany researchers.

Developed this past year from just an idea, inventors of the machine, labeled "Wright Wrinkle," are Ralph J. Wright and Emerson Ahlgren, who have their research laboratory at 510 Evelyn Ave.

The new pastry product resembles the timbale shell in shape and construction, however, it is called a "wrinkle" because of its interior design.

Recently Wright and his partner took the new invention to the state fair where over 50,000 of the "Wrinkles" were sold for a nickel apiece.

They claim it is the only machine that makes this kind of a pastry product. All timbale shells and similar products are now made by hand they said.

The porcelain enameled machine, which resembles a doughnut machine somewhat in construction and operation, produces about 60 to 70 dozen, small waffle-like cakes per hour.

Wright, who has operated a research laboratory in Albany for the past few years, is a partner with his brother, George Wright, in another novel machine perfected over a year ago.

Called the "fritter frank" machine, it produces a frankfurter with the bun baked around it in a single operation. The machine has been extremely popular with crowds at fairs and its operation is being extended.

George Wright now is concerned solely with the frankfurter machine. Ahlgren will be associated with Ralph Wright in the operation of the "wrinkle" machine.

Before joining Wright in the production of this machine, Ahlgren was foreman for a Berkeley spring manufacturing company. He is the son of the late Carl B. Ahlgren, Albany fire chief.

High School PTA Opens Member Drive

The fall membership drive of Albany High School P.T.A. started Thursday to continue through October 20, according to Mrs. Frank Tamba, chairman.

The membership goal is to enroll as many dads as mothers now in the unit.

The first period class obtaining the highest percentage of members in the P.T.A. will be rewarded with a picnic.

Lloyd Hogan is serving as co-chairman.

At the October meeting of the executive board, a recommendation was made to endorse and support the coming School Bond Election.

Council Studies New Curfew Law, Garbage Problem

Albany City Councilmen Monday night in an unusually calm and model session called for a one week delay in the first reading of the proposed curfew ordinance to keep minors off the streets after 10 p. m.

On the motion of Councilman Frank Hays, the Council postponed action on the measure in order to give its provisions further study.

Provisions in the proposed law, which tentatively includes all under 18 years of age, states that parents or guardians will be held responsible for their charges after the 10 p. m. curfew, if not accompanied or on legitimate business. The proposed law also calls for a maximum fine and/or 90 days in jail for parents or guardians found guilty of violations.

In other business, the Council referred a supplementary garbage contract from the Oakland Scavenger Co. to the city attorney for further study.

The Council approved an ordinance amendment a month ago permitting the city to draw up a new contract with the scavenger company, to include a 50 per cent boost in garbage collection rates.

The ordinance amendment became effective last Monday.

Marin Dads Map Plans for Annual Halloween Party

The executive board of Marin Dads Club was making plans this week for the fall season, including a Halloween party for the children of Albany.

Program Chairman Bert Griffin said today his committee is working on details for the 15th annual Halloween event.

In the first fall meeting of the club Tuesday evening, baritone Stephen Lehmer, director of Albany High School and Northbrae Community Church choirs, presented a musical program.

The "Foster Dads," a new class of memberships, has been appointed to represent the one out of nine students who need sponsors, according to Robert Gigler, president.

The organization meets the first Tuesday of each month at the Marin School.

Serving on the executive board this year are Robert Gigler, president; Lewis Lundin, vice-president; Chester Smith, secretary; Milton Porter, treasurer and Fred Meyer, past president.

Chairmen include Bert Griffin, program; Roy Henderson, membership; Dick Gommel, ways and means; Don Phil, athletics; Robert Clark, publicity; Ed Coombs, cafeteria; Frank Coleman, Scouts; Morris Stadium, Cubs and Gene Baker, faculty.

Polls Open 7 in Morning at Local Schools, City Library

Albany voters will go to the polls Tuesday to vote on the proposed \$282,000 bond issue approved by the Board of Education for city-wide school improvements, including a modern athletic field for Albany High School.

Polls will be open from 7 a. m. to 8 p. m. at all Albany schools and at the City Library, corner of Solano and Santa Fe Avenues.

Albany school officials today presented final answers to pertinent questions concerning the Tuesday election.

How was the Proposed Building program and the amount of the bond issue determined? The program to meet Albany's school needs was cooperatively planned through a series of meetings in which Board members and school administrators met with representatives of local civic, fraternal and school organizations.

The proposed building program represents the consensus of public and expert opinion expressed at

these meetings as to what should be done for each of the schools. Estimates of the proposed program were worked out by architects, setting the minimum cost at \$282,000.

Why develop a high school athletic field? Albany High School is the only school in the Bay Area that does not have an athletic field. Memorial Field, owned by the City, has no bleachers and other facilities to accommodate home games and other sport events. One small baseball diamond makes it difficult to practice and limits the number of teams on the field.

An improved athletic field will adequately provide for football, track, baseball and other activities. The proposed field will more than double the facilities and opportunities for Albany teen-agers.

Why must there be additional facilities provided for the elementary schools? Albany schools have grown and are continuing to grow. The sixth grade classes in the schools are much larger than the 12th, while first grade classes are the largest in the school system.

Planned improvements for the elementary schools will take care of this increase.

Part of the planned improvements (Continued on page four)

ALBANY SOROPTIMIST SCRIBBLINGS

You should have seen the fines roll in at our Wednesday meeting. President Nell put a dime in the kitty for everything she had forgotten in the past few weeks, and everyone wearing polka dots had to contribute also. Kathryn Etingoff, Kay Fritz, Bernice Boyd, Edith Lemmox and Claire McGaw all had spots before their eyes.

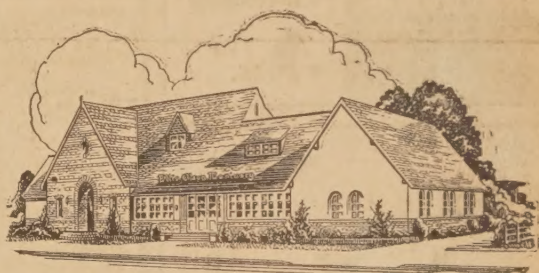

Myrtle Monerics reported a substantial sum was raised on the rummage sale held last week. The proceeds will help the ways and means committee in balancing the budget, presented Wednesday by Dorothy Simmons. Apropos of the rummage sale, a hearty vote of thanks to Charlie Moore and Tiny Kampe, who put in many hours helping push things around.

Next Wednesday will be a big day for the Club, inasmuch as it will be celebrating Founders' Day. Grace Higgins, charter president of the Albany Club, has announced several outstanding guests will be present. Included are:

Violet Richardson Ward, charter president of the first Soroptimist Club, in Oakland; Emily D. Wilkie, Gladys Leggett Penland, Dr. Cassie Moreland, Edna Brown, Sarah Hammond and Eloise B. Cushing. John Hastings will play several selections on the harp.

Many of our members are planning to visit the spastic classes in the Longfellow School in Berkeley Wednesday morning. Annabelle Denham made arrangements for the tour, which will be of interest to many.

Young Mike McMahon, who accompanied his ma to the meeting, has a definite aversion to women's voices. He seemed perfectly happy when he arrived, but it wasn't long before large tears and lusty wails were making him very unhappy. Not even the singing of Rock-a-bye Baby, led by Janet O'Keefe, solved his problems, so he made his sad adieu.

Offered In Generous Measure

Christian Science
"Are Sin, Disease, and Death Real?" This question is the subject for the Christian Science Lesson-Sermon on Sunday, October 9, with the Golden Text taken from Psalms: "God be merciful unto us, and bless us; and cause his face to shine upon us; that thy way may be known upon earth, thy saving health among all nations" (67:1, 2).
The following citations are among those comprising the sermon:
Revelation: "And there came unto me one of the seven angels which had the seven vials full of the seven last plagues, and talked with me, saying, Come hither, I will shew thee the bride, the Lamb's wife. And he shewed me a pure river of water of life, clear as crystal, proceeding out of the throne of God and of the Lamb. In the midst of the street of it, and on either side of the river, was there the tree of life, which bare twelve manner of fruits, and yielded her fruit every month; and the leaves of the tree were for the healing of the nations" (21:9, 22:1, 2).
"Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The Bible contains the recipe for all healing. The leaves of the tree were for the healing of the nations. Sin and sickness are both healed by the same Principle. The tree is typical of man's divine Principle, which is equal to every emergency, offering full salvation from sin, sickness, and death" (p. 406).
